

Dodge Power Foldout XT

One of the most popular wheelchair vans in the industry, the Dodge Power Foldout XT offers greater visibility and more head clearance (56.5" through the sliding door) than any other option in our line-up. That's an additional four inches more than standards side-entry models!

You'll also appreciate the interior roominess, allowing for easier wheelchair navigation. An improved kneeling system lowers the rear suspension further than ever before, resulting in a lower, more wheelchair-friendly ramp slope. Come see why this is one of the most popular conversions in the industry — visit your BraunAbility dealer today!
